Activities in different classes:

Nursery School: who am I? My favourite activity/activities ...? When I grow up I will be a/an?

Grade 1: discover oneself through the characterization of fairytale/fable characters;

Grade 2: my story book

From January to April 2016

Each class elaborated "learning paths" and not singular lessons. Our activities didn't end in one lesson. The duration of this learning path is written in our worksheets

Each class developed different activities in the area IDENTITY AND PERSONAL CHOISES
Each activity has been planned using the common work sheet
(see the work sheets)
You can find evaluations and observations on the specific worksheets

Grade 3/4/5: Who am I? physical appearance, personality, feelings, talents, dreams, ... Discover my strengths, weaknesses, opportunities and threats ... (using of SWOT methodology) to get a learning path.

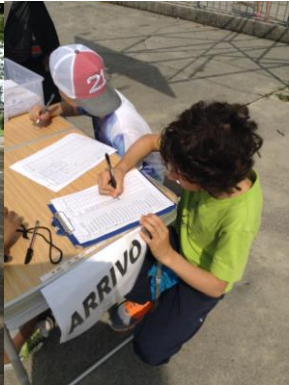

From February
to May 2016

My Soul Bird opens the drawer of happiness and everything lights up into thousands of bright colours

Anxiety overwhelms me, wraps me, it expands and it dominates me
